STAY
playful

Remember when you used to sing along to songs in front of the mirror? How about when you used to turn your sofa into a cabin with four cushions and a sheet? Or when you used to splash in puddles without a second thought? Everything was just so... cool!

In fact, that playful and free you, ever on the lookout for new experiences, never went away. It's still there, concealed under layers and layers of seriousness and formality.

Get your spontaneity back. Reactivate your curiosity. And hit the play button again. Turn over a new leaf and discover the furniture range of RS Barcelona, which beyond its functionality and design is the result of the restless and creative outlook we have on our surroundings.

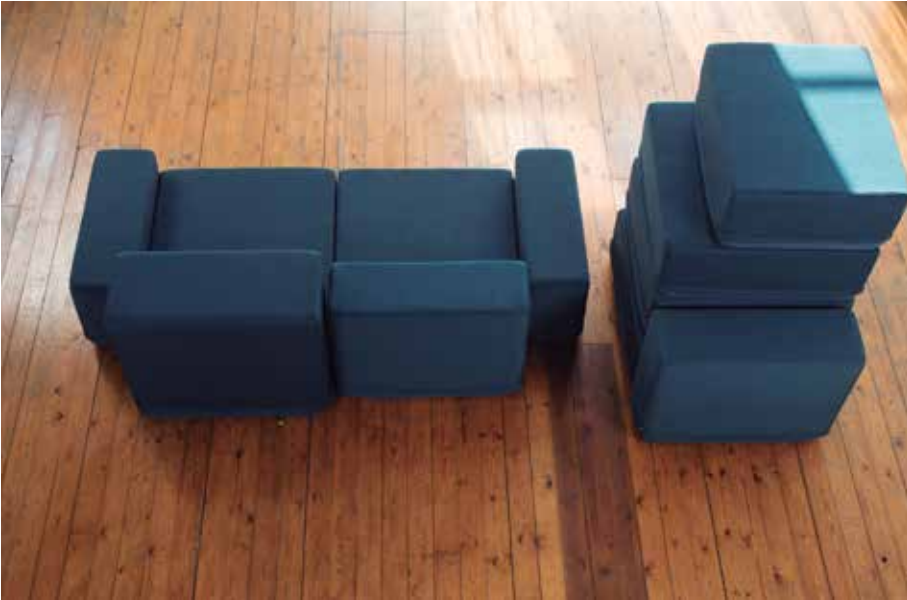

The **Eiffel** stool is like
that good friend who's
always there for you,
come rain, come shine.

Fields. Sofa.

Independent. Modules.

To. Arrange. However. You.

Like. Whenever. You. Like.

The **On the Road**

bench is inspired by a long motorcycle journey; that's why it looks good anywhere in the world.

**“Life is
too important
to be taken
seriously”**

— Oscar Wilde

The **Plec** table collection
loves playing with light
and shadows whatever
the time of day.

The **You and Me** table reminds you that however serious the day gets, there'll always be a You ready to play with a Me.

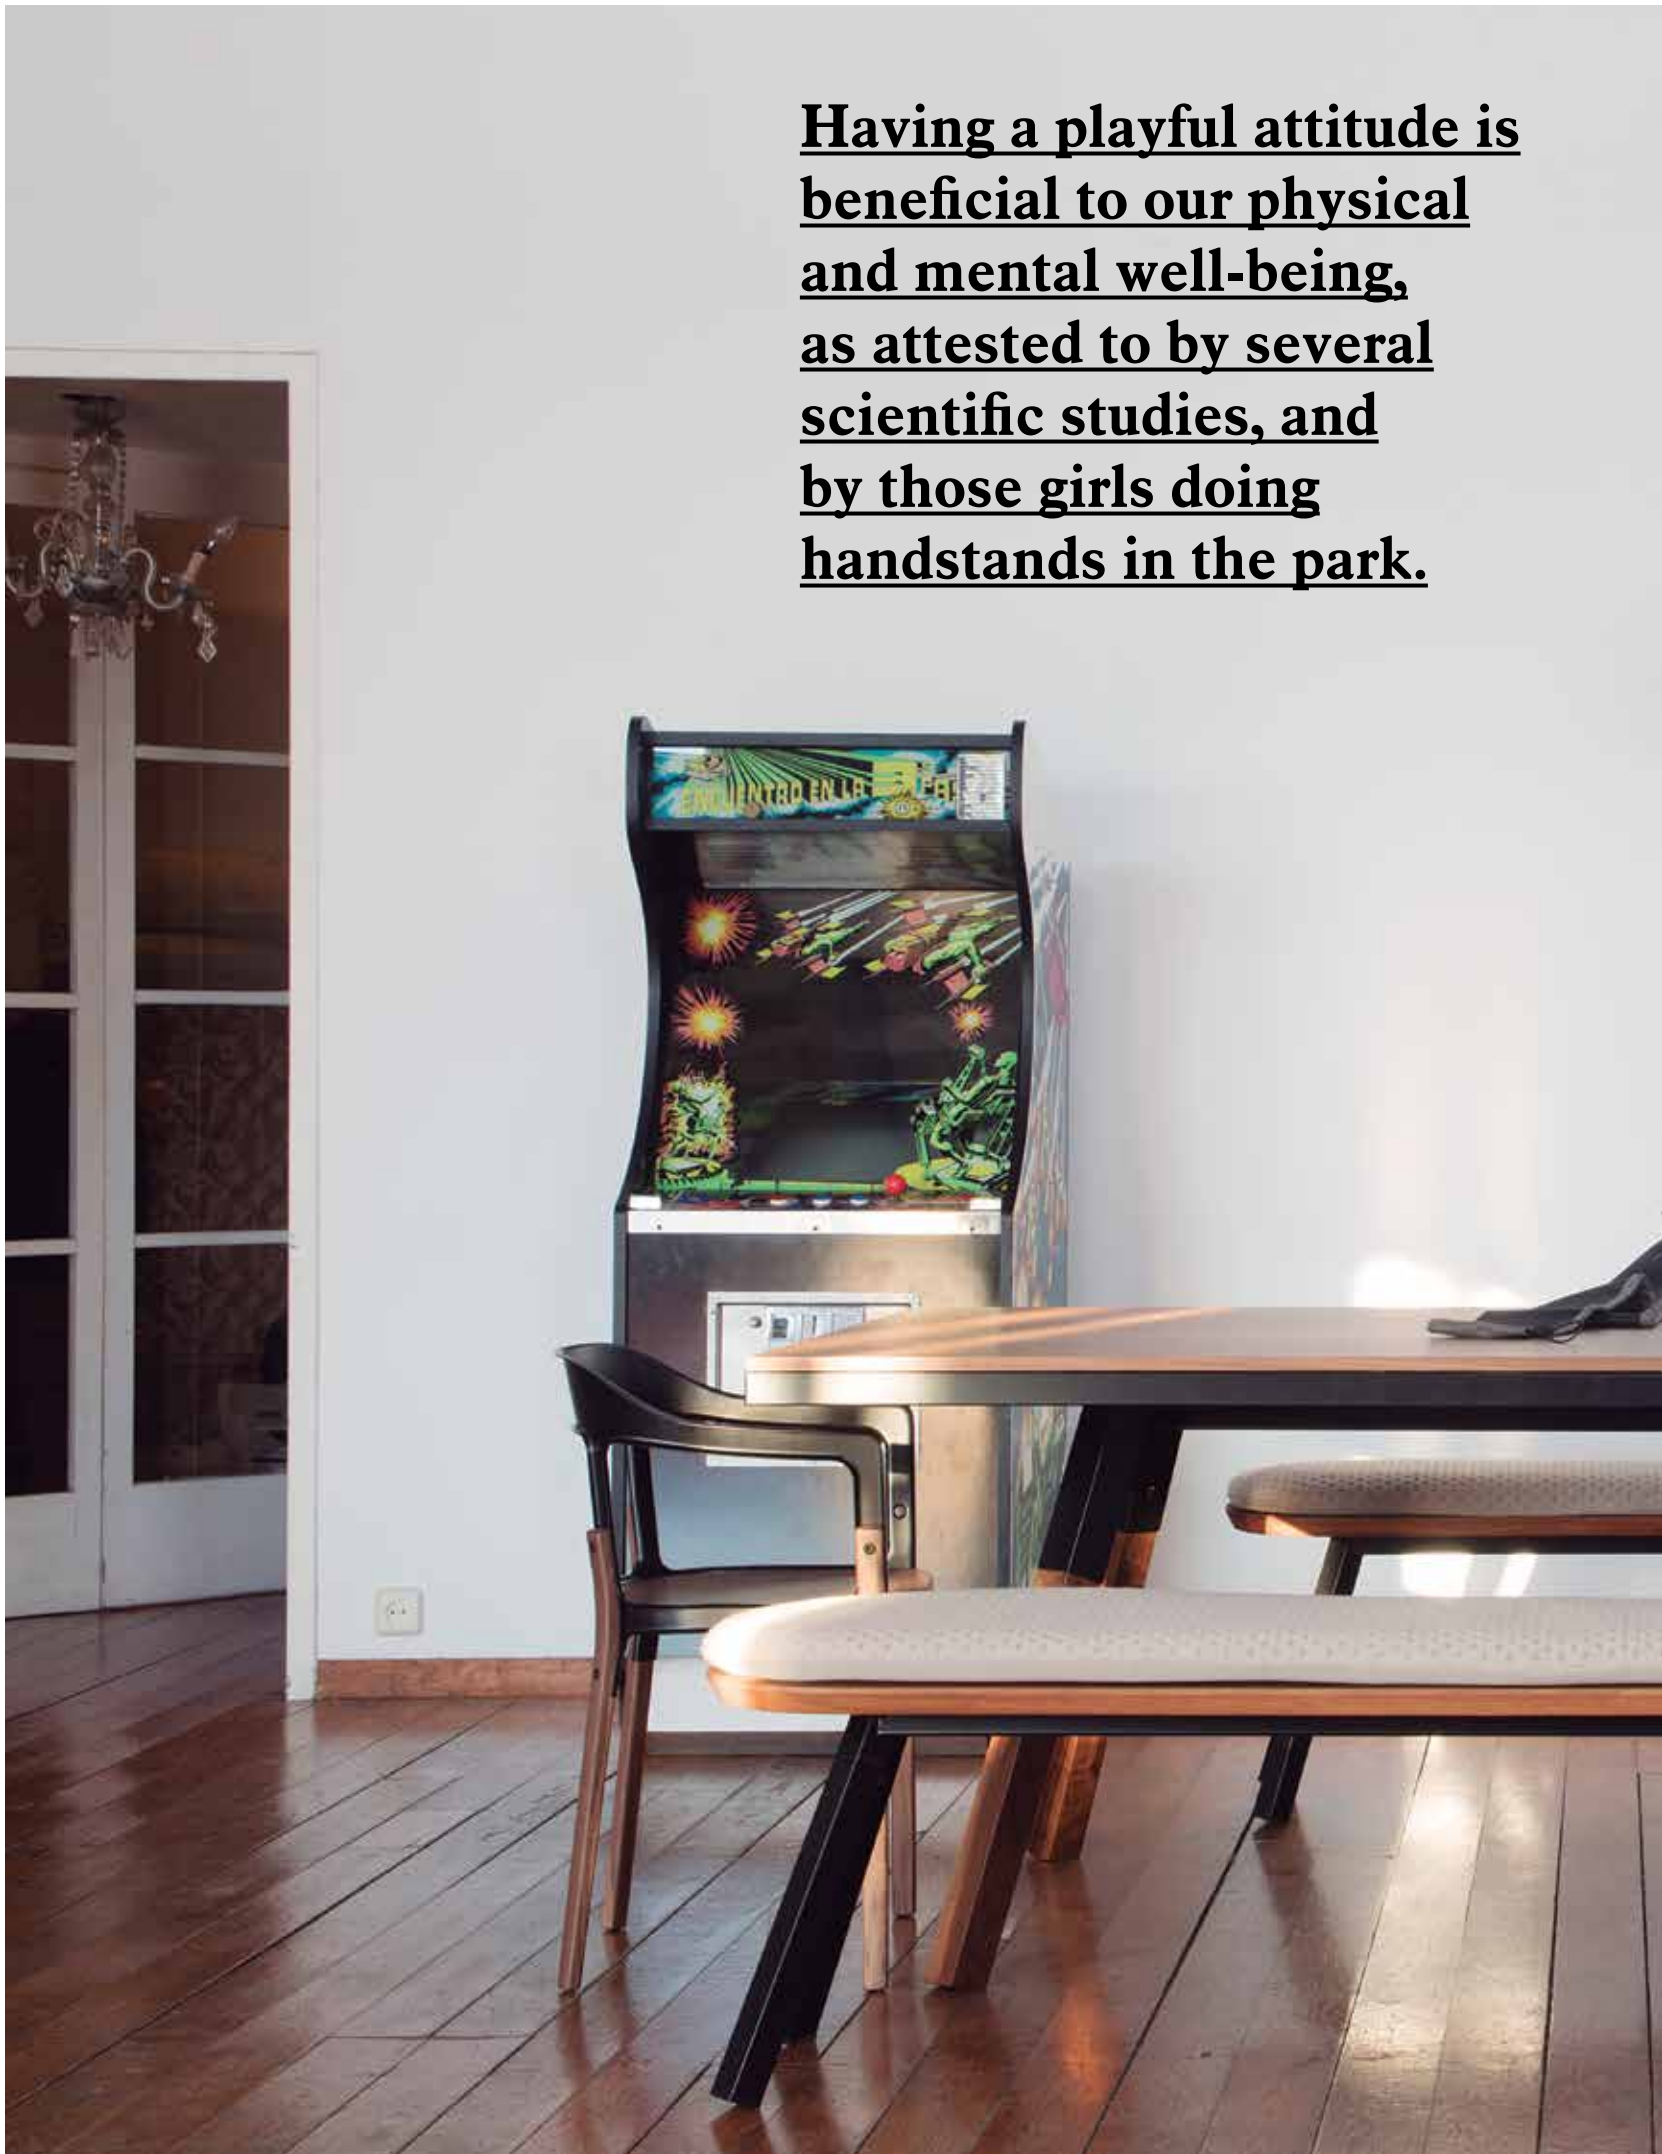

The **Mon Oncle** briefcase
stores a thousand reasons to have a
barbecue wherever you want, and
to savour life in small gatherings.

Having a playful attitude is beneficial to our physical and mental well-being, as attested to by several scientific studies, and by those girls doing handstands in the park.

The **RS#2** football table is especially dedicated to all those children who at some time or another have said, “Adults don’t play, they work.”

With the
**RS#Ping-Pong
Folding** “I haven’t
got space” is no
longer an excuse.

Have you ever seen a sofa
that gives such tender hugs?
At home or in the office,
Spongy is full of charm.

Stay playful. Whistle on your way to work.

Add a new spice to your favourite recipe. Play a game of hide-and-seek.

Go to bed early and wake up early. Go to bed fast in bed next Sunday. Dance like Mick Jagger.

Write a letter to your friend. Dive bomb into a pool. Hold the Taekwondo belt.

Explore a city that starts with same letter as your name.

Count how many letter A's are in a box of cereal.

Wag your tongue while wagging his tongue. Walk without stopping.

Make yourself a scarf. If it's raining, be Groucho Marx.

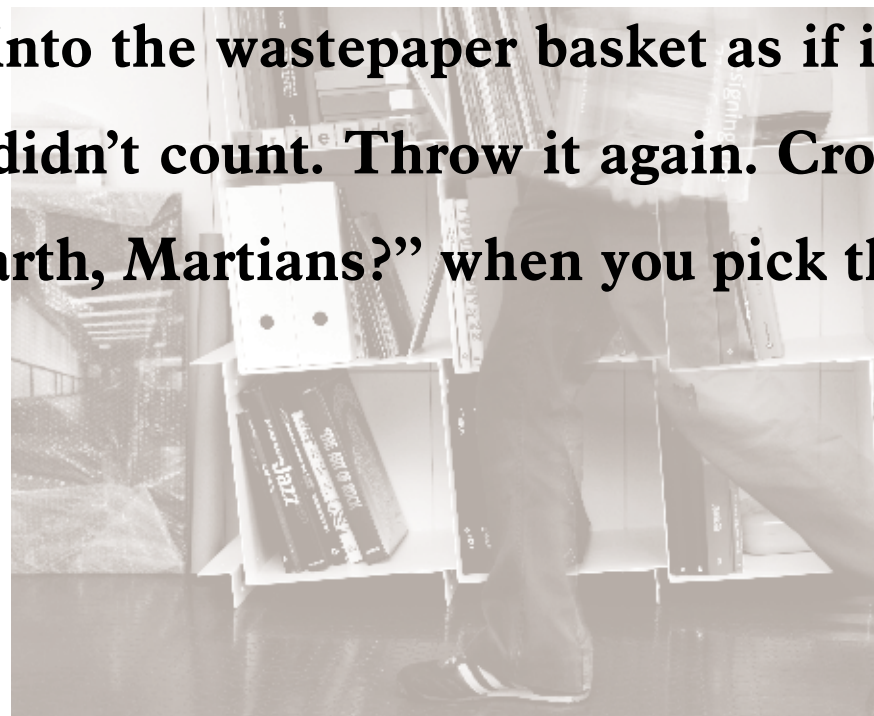

Swallow a spoonful of jam in one mouthful. Spin around in your work clothes.

Have a picnic on your balcony. Buy a plant and give it a name.

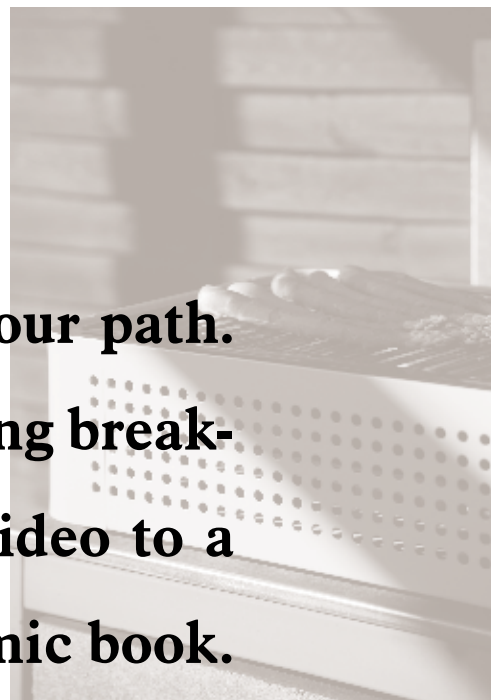

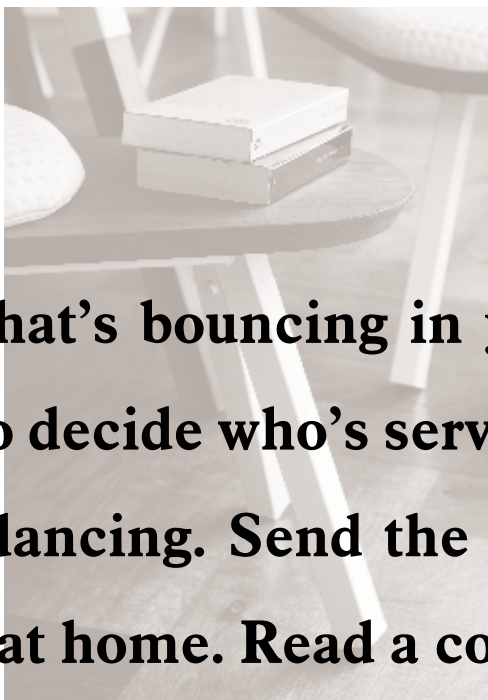

Throw a piece of paper into the wastepaper basket as if it's the last one.

Count how many letter A's are in that one didn't count. Throw it again. Cross your fingers.

Ask yourself, "What day on Earth, Martians?" when you pick the day.

k. Kick that ball back that's bouncing in your path.
 Play a ping-pong match to decide who's serving break-
 fast. Sing like Mick Jagger. Film yourself dancing. Send the video to a
 friend. Watch the Football World Cup at home. Read a comic book.
 Use your name as your name. Watch epic fail videos on YouTube.
 Eat cereal. Throw a stick for that dog that's looking at you.
 Stop stepping on the lines. Go for a run. Learn to knit. And
 sing like Gene Kelly in 'Singin' in the Rain'. Say yes! Eat a flan.
 Close your eyes and sit in a chair. Prepare an urban pic-
 nic. Give it a name. Juggle with tangerines. Try to throw a ball
 that was the last-second winning shot. If you miss, say
 sorry. Cross the river barefoot. Ask your kids, "How was your
 day?" Pick them up from school. And, of course, play with them.

Chef José Andrés' Jaleo Restaurant in Washington D.C.

Gastronomy meets playtime
with the **RS# Dining Table**.
Much more than a table, it's
a special ingredient in your
restaurant.

A barricade of **Guerrilla**
cushions and drawers holds
back the forces of boredom.
Imagination rules!

Robust, hard-wearing shelves that you build yourself, module by module, until you get the shape you're after. It's called **By Yourshelf** but you can call it whatever you want.

Don't think about
why you're doing it.

Don't think about
what good it is to you.

Don't think about
what others will say.

If you feel like it,
don't think about it.
